## Doyenne 2007 Syrah Grand Ciel Vineyard

The 2007 Syrah Grand Ciel Vineyard is a young, massive, opaque black Syrah, with a wonderfully deep concentration on the nose and palate.

The nose is filled with wild mountain berries, lavender, rosemary, grilled meats, minerals, and maybe even a hint of orange peel. In the mouth, this wine is huge and structured, but surprisingly light on its feet due to its focused acidity.

Notes of black fruits, pomegranate, woodsmoke, orange peel, and Provence herbs dance on the palate of this amazing and complex Syrah from our estate vineyard. The acidity, balance, and structure of this wine indicate it should age for a decade or longer.
