WINE ADVOCATE

JUNE 2017

“Coming from old Cabernet Sauvignon vines planted on Snipes Mountain, the 2014 Harrison Hill is a thrilling expression of Cabernet from Washington State. Possessing a singular bouquet of tobacco leaf, cedar, cherry, currants and spice, this medium to full-bodied beauty is seamless, impeccably balanced and has a great finish. It’s one of those wines that grows on you with time in the glass, and while I thought it would need cellaring when I tasted it from barrel, it’s already drinking beautifully. Nevertheless, it should be at its finest from 2022-2040.”
